4. ADVANTAGES & DISADVANTAGES

Canva is very simple to use and user friendly :from

Layout of the platfor to guided Templtes, basically a drag and drop

Design platform

It’s disadvantages is although canvas contribution is

growing every month there is a Limitation to Templates design

and stock photography

5.Application

Mention your personal details and &contact information

6.Conclusion

We learn a lot of new thinks about editing and make eat

Useful For Others
